Heavy Engineering & Motion, Drive & Automation: Investment & Business Opportunities
15th April 2015, 14.00 pm to 16.00 pm
Venue –India Central Pavilion, Hall 6, Hannover Messe, Germany
Programme

EEPC INDIA jointly with Department of Heavy Industry, Government of India and German counterpart VDMA is organizing a seminar on “Heavy Engineering & Motion Drive and Automation”.

India offers tremendous opportunities for Heavy engineering and MDA sector. The new Government’s stress on **Make in India** initiative proposes major investments in infrastructure, energy, transport and industrial manufacturing. This will drive expansion in end user industries pertaining to MDA technologies. The seminar aims to develop a road map in the areas of Heavy Engineering & MDA for joint ventures, technical collaboration and identify capabilities between the two countries enabling the enhanced manufacturing efficiencies and value addition.
